SWANA MANAGER OF LANDFILL OPERATIONS (MOLO) CERTIFICATION COURSE

Solid Waste Association of North America—Caribbean-PR Chapter **April 18-21, 2016**

The Manager of Landfill Operations course provides a comprehensive study of efficient landfill operations, including site design, regulations, health and safety, cost controls and other issues to consider when planning, operating, and closing landfills.

The course includes lecture, activities, and a facility tour. The course helps to prepare for the Manager of Landfill Operations Certification exam.

Upon Completion of this Course, Participants will be able to:

- Understand the importance, purpose, characteristics, design, and equipment requirements and regulatory environment of landfills
- Manage daily operational procedures
- Improve landfill safety
- Understand construction and surveying practices
- Implement and manage effective monitoring systems
- Improve efficiency and control costs.
